Dear Golfer,

You are invited to participate in our ***22nd Annual "Fall Swing" Golf Tournament this Fall on September 12th, 2022.*** *This event promises to be a day filled with hope and joy, great golf and great fun.*

This Tournament is open to anyone who wants to play at ***The Pinery Country Club (in Parker).*** *By doing so, you'll play an important part in blessing the senior adult community, as all proceeds benefit the* ***Castle Rock Senior Activity Center.***

Business SPONSORS please step up! (sponsor this event & play as many include foursomes). Please contact CRSAC with your interest and availability right away.

Thank you in advance for your participation.
Castle Rock Senior Activity Center

CASTLE ROCK SENIOR ACTIVITY CENTER
"Loving Life in the Second Half"

The face of today's "senior" is changing. Not only are people living longer, but many retire later while others take early retirement. Some call 70 the "new 50" because no longer are seniors content sitting around. They are active, learning, and contributing to their communities while connecting with others and their families many making cross-country moves to be closer to grandchildren.

The Castle Rock Senior Activity Center is thriving in it's 51st year as a 501(c)(3) non-profit organization of 1100+ members. Members range in age from their 50's-90's living in their own homes or with family members. The Center provides services and programming to help seniors "age in place" and live independently fulfilling lives. With a fleet of vehicles and a team of dedicated volunteers, more than 700+ rides are provided each month to grocery stores and doctor appointments. Over 160+ activities are planned monthly with more added as resources allow. Programming is diverse, ranging from sports leagues, card games, special interest groups and theater trips. Services include wellness and nutrition programs, transportation assistance, disease prevention and more.

Funding comes from grants, dues, donations and events such as this Golf Tournament. Continual growth in funding is needed to meet the increasing demands for this fast growing population. Volunteers serve a huge role and more are continually needed.

Please encourage seniors you may know to check out the programs, services, activities and events that CRSAC offers as they are very welcome to join us in ***"Loving Life in the Second Half."***
